Margaret McMillan Nursery School is set in nearly an acre of garden and operates the **Garden Nursery Model** pioneered by **Margaret McMillan**. We serve a community from a very wide social, racial and ethnic mix, which we are very proud to celebrate in every way.

We provide education and day-care for children **0-5 years old** and have a strong commitment to keeping children at the heart of all that we do.

We pride ourselves on working in partnership with parents/ carers and the wider community wherever possible, offering a variety of workshop for families, from toilet training, to fussy eating.

We offer the children and their families a rich and varied child-centred curriculum, in a supportive and nurturing environment.
